# Honoring Personhood

#### A Culture Change workshop from Action Pact

We are all entitled to achieve our maximum potential in body, mind and spirit. That potential - our personhood or sense of self, seems like a given state for adults. And yet, institution can have a profoundly detrimental affect on personhood.

We each deserve the opportunity for a good life that offers meaning and support of who we are – every day. How can we help those we partner with continue to be who they are? How do we create environments where people thrive, no matter the frailness with which they live?

Benefit from the wisdom and experience of Megan Hannan, designer of PersonFirst<sup>®</sup>. Learn interactive skills that reinforce each individual's sense of self. This session will grow your abilities to work as team and truly make a difference every day.

#### Objectives

After this workshop participants will be able to:

- Explore a variety of attributes of self, practice how we access those attributes, plan how to use them with those we serve
- Recognize and experience interactive approaches that either support or detract from personhood
- Discuss the elements of common values; self awareness; and home as vital to honoring personhood
- Practice approaches to learning who people are, to problem-solve.

DATE: March 13, 2014 LOCATION: Cider Hill Family Orchard Event Barn

3341 N. 139<sup>th</sup> St. Kansas City, KS 66109
