MU Leadership Development Academy for RNs, Nursing Home Administrators and Social Workers in Long Term Care

A professional development certificate program offered by the University of Missouri

Columbia and St. Louis: November 2015 - May 2016
Kansas City and Springfield: April 2016 - October 2016

Description
A professional development certificate program for RNs, NHAs and Social Workers using a proven curriculum to improve leadership behaviors with a combination of face to face meetings and two webinars. Offered over 7 months, it features an innovative and evidence-based curriculum with a strong focus on application to practice and peer consultation.

Target Audience
RNs (do not have to be a DoN), NHAs and Social Workers (please note Social Workers must have a degree). We highly encourage the RN-NHA leadership team to enroll together to foster the team’s ability to make sustainable improvement in their organization. However, individual enrollment is accepted.

Features
- Networking & professional recognition with CE Credit for $10.00 per contact/clock hour.
- Graduates are recognized by LTC stakeholders, potential employers, and colleagues.
- Show Me PIPS and Best Practices - Share your organization’s success with others during the final day of the program. Go on to be featured by other LTC stakeholder groups as a leader in Missouri.
- The LPI - Access to an evidence-based leadership assessment instrument and professional development planning package with one on one consultation.

Topics
- Thoughts on Leadership
- Leadership for High Performing Nursing Homes
- The Art & Science of Management & Leadership
- The RNs Role in LTC- Lessons from Patient Safety Research
- Lessons on Quality: The Medical Directors Perspective
- State & CMS Updates- Leaders Role for a Successful Survey
- Conflict Can Be a Gift
- Leading & Sustaining Change
- A Team Approach to Quality Improvement
- Managing Different Generations
- Fostering Success for the Working Poor
- Influencing Up
- Making the Financial Case for Change & Basic Financial Management
- Creating & Leading a Person Centered Care Culture
- Staff Engagement & Meaningful Work
- Building an Effective Organization: Ingredients, Pathways, and Possibilities
- Thriving in a Competitive Market: Lessons from Quality Award Winners

Proven Outcomes
- Measureable improvement in falls, staff retention, communication, incontinence, rehospitalization, and more.
- 74-100% retention rate of graduates up to 18 months after completion of the program.
- Significant increase in confidence to lead.
- Significant increase in leadership behaviors.
- Enriched and expanded peer networks.
