Did you know that 76% of older LGBT adults are concerned about having adequate family and/or social support to rely on as they age? Join us in our discussion and together, we can learn to better understand and respond to the needs of older LGBT adults in Missouri.

Through our discussion you will learn

- Strategies on adapting inclusive language for your organization
- Tools and resources to advance inclusion in your community
- LGBT educational opportunities
- How to join the Alliance and network with other aging network partners across the state
