

MISSOURI BOARD OF NURSING

Licensed Practical Nurse License Renewals

Licensed Practical Nurse licenses expire May 31, 2020. Renewal reminders were emailed periodically beginning on March 1, 2020.

If you have not received your LPN renewal reminder, follow these steps.

1. Enroll in Nursys e-Notify® at www.nursys.com/enotify. This is required as a condition of license renewal. You will click on Create a Nurse Account.
2. Email the board of nursing at nursing@pr.mo.gov and request your PIN. Include your name and license number in the email.
3. After your PIN is received, go to <https://apps.dci.mo.gov/pr/renewal> to renew.

There is no grace period to renew. The board's rules require a nurse to renew 3 business days prior to the expiration date.
