

In collaboration with the Missouri Assisted Living Association, the Division of Senior and Disability Services (DSDS) will provide a comprehensive agenda aimed to clarify information related to Home and Community Based Services in Residential Care Facilities (RCF)/Assisted Living Facilities (ALF) and share upcoming initiatives and new resources. The agenda will cover Level of Care Transformation, consistent care planning tips, case note documentation requirements, strategies for effective state and facility communication, new referrals versus care plan requests, and sharing of new resources recently made available. These sessions will also allow time for questions and mingling as the state and facilities continue to expand their relationship to best serve Missouri HCBS Medicaid population in the RCF/ALF setting. MALA has requested 3 CE hours for Administrators attending this meeting.

MALA welcomes all residential care facilities or assisted living facilities providing HCBS to attend. A MALA membership is not required for attendance. Both administrative staff and qualified provider reassessors are encouraged to attend the below meeting in your local region for this in depth discussion. There is no cost to attend, and no registration needed.
